NORWAY, MAINE

The only way this can be called a way of making the world Christian is by leading the individuals to a personal knowledge and experience of Jesus Christ and entering thereby into the power of the new life. Having shown in chapters 3 and 4 of this treatise that the believer is free from the law as a means of justification, Paul makes practical application of this doctrine. The divine way of making the community Christian is to secure the regeneration of the individual. The way to destroy the work of the devil is through the sonship of believers.

III. The Works of the Flesh (vv. 19-21).

By works of the flesh is meant the operation of the carnal nature. The man who chooses to live according to the impulse and desires of his natural heart will be practicing the following sins:

1. Sensuality (v. 19).
2. Irreligion (v. 20).

These acts take place in the realm of the spirit and are:

- (1) Idolatry, which means the worshipping of idols.
- (2) Witchcraft or sorcery. This means all dealing with the occult.
- (3) Sins of temper (v. 20, 21).

These sins are in the sphere of the mind and passions.

(4.) Love to God and man. (5.) Goodness, kindness because of what God has done. (6.) Fellowship with God. (7.) Long-suffering, bearing insult and injury without nursing hatred. (8.) Gentleness, kindness to others. (9.) Goodness, doing good to others. (10.) Faith, believes God. (11.) Meekness, submission to God. (12.) Temperance, self-control in all things. Against each there is no law.

Underrating Value

Oh, do we not too frequently underrate the value of the promises of God? We were made to us and we should stand by them, for they are as true as the promises by Whom they were made.—

Exceedingly Difficult
It is exceedingly difficult for one's heart to love and say, "I will be nothing but lamb," but that is no place for the Lord says, "Yengeance is mine."—Echoes.

Franklin a Good Swimmer
Franklin was a great swimmer. On one occasion he swam for four miles from Philadelphia, "promising on the way many feats of activity, both upon and under the water." He obtained such a reputation as a water dog that he thought seriously of becoming a teacher of swimming. Even at forty he still swam like a young fellow. He astonished his fellow swimmers by carrying two forms of type, one his own, and, in his old age, he is fond of displaying his strength in lifting heavy books.—Scientific Monthly.

Lesson for February 27

MAKING THE COMMUNITY CHRISTIAN

Temperance Lesson.

LESSON TEXT—Gal. 5:13-25.
GOLDEN TEXT—Have no fellowship with the unfruitful works of darkness, but rather let us put on the armor of light.
PRIMARY TOPIC—Serving One Another by Love.
JUNIOR TOPIC—The Law of Love.
INTERMEDIATE AND SENIOR TOPIC—Self-Control for the Sake of Others.
TEACH PEOPLE AND ADULT TOPIC—Works of Darkness and Works of Light.

The only way this can be called a way of making the world Christian is by leading the individuals to a personal knowledge and experience of Jesus Christ and entering therefore into the power of the new life. Having shown in chapters 3 and 4 of this epistle that the believer is free from the law as a means of justification, Paul makes practical application of this doctrine. The divine way of making the community Christian is to secure the regeneration of the individual. The way to destroy the work of the devil is through the sonship of believers.

I. Christian Freedom (vv. 13-15).
It is not an occasion to the "flesh" (v. 13).

Liberty is not license. The notion that when one is free from the law, that he is free from constraint, is wickedly erroneous. License of the flesh means not merely the indulgence of the flesh in actual material sins, but in the expression of a self-centered life in biting and devouring one another (v. 15).

2. By love serving one another (v. 13).

Freedom from the Mosaic law means slavery to the law of love. The emerging from bondage through Christ is the passing into a sphere of life in which all the powers should act under the dominion of the true motive, love—Morgan. Love thus becomes the fulfillment of the law.

II. Walking in the Spirit (vv. 16-18).

This discloses the secret of how a life of service to another can be lived. The governing principle in the life of a believer is the Holy Spirit. Walking in the Spirit results in:

1. Loving service to others.

2. Victory over the flesh (vv. 16, 17).

By the flesh is meant the corrupt nature of man expressing itself in the realm of sense and self. The renewed man is two men between which is going on a mortal conflict. The Christian must choose between good and evil. When he chooses the evil, the Holy Spirit opposes, and when he chooses the good the flesh opposes. Notwithstanding this deadly conflict, victory is sure.

III. The Works of the Flesh (vv. 19, 20).

By works of the flesh is meant the operation of the carnal nature. The one who chooses to live according to the impulse and desires of his natural heart will be practicing the following sins:

1. Sensuality (v. 19).

2. Irritability (v. 20).

These acts take place in the realm of the spirit and are:

(1) Idolatry, which means the worshiping of idols.

(2) Witchcraft or sorcery. This means all dealing with the occult.

3. Sins of temper (vv. 20, 21).

These take place in the sphere of the mind and are:

(1) Hatred, (2) Variance, which means strife and contention, (3) Emulations, jealousy, (4) Wrath, bursts of passion, (5) Seditions, factions in the state, (6) Heresies, factions in the church, (7) Envyings, (8) Murders.

4. Sins of excess (v. 21).

(1) Drunkenness. This means indulgence in intoxicating liquors.

(2) Revelings, acts of dissipation under the influence of intoxicants. Those who practice such sins shall be excluded from the kingdom of God.

IV. The Fruit of the Spirit (vv. 22-23).

This indicates action in the realm of life. The product of the Holy Spirit indwelling the believer.

(1) Love to God and man. (2) Joy, glad-heartedness because of what God has done. (3) Peace with God and fellowman. (4) Long-suffering, taking insult and injury without murmuring. (5) Gentleness, kindness to others. (6) Goodness, doing good to others. (7) Faith, believes God and commits all to Him. (8) Meekness, submission to God. (9) Temperance, self-control in all things. Against such there is no law.

Underrating Value

Oh, do we not too frequently underrate the value of the promises of God? They were made to us and we should trust them, for they are as true as the Word by Whom they were made.—Echols.

Exceedingly Difficult

It is exceedingly difficult for one's heart to bow and say, "I will be nothing but a lamb," but that is our place, for the Lord says, "Vengeance is mine."—Echols.

Franklin a Good Swimmer

Franklin was a great swimmer. On one occasion he swam for four miles in the Thames, "performing on the way many feats of activity, both upon and under the water." He obtained such a reputation as a water dog that he thought seriously of becoming a teacher of swimming. Even at forty he still swam for two hours at a stretch. He astonished his fellow printers by carrying two forms of type to his one, and in his old age, he was fond of displaying his strength by lifting heavy books.—Scientific Monthly.

Second Winter Carnival

Of the Oxford County United Parish,
Under the Direction of the Crooked
River Outing Club

It snowed a foot in Boston, it blew a gust of Cape Cod, Portland with the rest of the Atlantic seaboard, was well on its way to the water for the Second Winter Carnival, last Saturday. At ten o'clock, the crowd of about 1,000 people, from single teams, by double teams, by four horse teams, on skis, on snowshoes, and on foot, from East Stoneham, North Lovell, and its suburbs, Sub City and Slide, from Albany, Bethel, from Norway, from Harrison, Bridgton, from Paris, from East Waterford, Waterford Flat, and South Waterford—just to mention some of the towns represented—moved over toward the ski jump where the first events of the day were held. Five different contests were staged here, starting with the Junior ski jump, which was won by Liston Brown.

The boys in the Intermediate Class followed, with Donald Brown taking first place over Dan Nason and Stanley Lord. The girls were not to be "stumped" by the boys, either, and their event was won by Leona Kimball. The big jump of the day, the Senior Class, was won by John Lord of Sub City, Lovell. Miss Leona Kimball, of Bridgton Academy, won in the Junior event for the girls. Several long distance races, followed by dashes for prizes, classes were run off during the day. In these events, Don Brown, Don Green, John Fox, Isabelle Jones, Mary Hersey, Miss Fulkner, and Freddie Callahan, were counted among the winners.

Now must we fall to mention the closing event of the morning, the tug of war, in which George Kimball's Giants triumphed by a narrow margin over the "Hubbards' Huskies." We noted the doctor's extreme activity in getting the "Huskies" together, but we are obliged to report that without doubt the failure of his team was due to the modesty of the doctor, who gave up his position on the spot to Solon McAllister.

Of the dinner, we have heard nothing but wonderful words of praise. It was a marvel, where the food all came from to appease the appetite of the crowd that had been sharpened by the chill atmosphere of the morning. It mattered not whether you sat down at the first table, or whether you sat down at the last, with waiters, there was all the chicken and turkey, and the gizzards were conspicuous by their absence. In fact, if you could have seen the cream pie that the waitresses had saved for their tables, you would have been rather sorry to think that you had eaten so early.

We wish we could tell you all about the sports of the afternoon, but we are afraid that the "Advertiser" may wish to print some other news this week, so we will be able to touch just some of the high spots. Among the features of the program were the ski jumping race, the tug of war, the obstacle and three-legged races, the town relay race, the penny hunt, and the free-for-all cross country. The last race was the hardest contest of the day, but brought in K. Aldrich of Norway; Myron Lord of North Waterford; John Fox of Lovell, and L. Fulkner of Bridgton Academy.

One of the interesting races followed, it was when the judges and the awards committees began to go over the records and ballots to determine the selection of the Queen and the high point winners of the day. The cup presented by the Crooked River Outing Club for the high point winner of the day, was won by Donald Brown, of Albany, and the North Waterford Grammar School, who competed in the Intermediate Class. The Green was runner up, with Miss Fulkner, the high point winner among the girls, landing in third place. Honorable mention is also due to Mary Hersey, Leona Kimball, Kathleen Lord, Isabelle Jones, Daniel Nason, John Fox, K. Aldrich, and Freddie Callahan.

In the meantime the appetites again demanded attention. The vestry was again filled with hungry people, and at this hour the Grange at North Waterford served the usual Saturday night beans and brown bread. In a very short time, with hardly time to change from broilers to evening gown, the I. O. O. F. Hall became the goal of all. We wish you might have seen the hall for yourself. Under the leadership of Mrs. Winfield Brown and her efficient committee, the hall had been transformed into an appetizing hunting lodge, with a display of Indian blankets, mounted birds, deer heads and other trophies of the hunt artistically displayed in a background of evergreen. At an early hour the hall was filled with a crowd reported by "Moose" Knight and other old-timers as unequalled in the history of the building.

A little after eight o'clock, from the stage floor, appeared the Carnival Queen, Miss Kathleen Lord, who had won the coveted honor through her own good work in competition, and also by popular vote, according to the rules of the Carnival. Miss Isabelle Jones had the highest popular vote and others were higher in competition than Miss Kathleen, but she had the combination of the two that was not to be overcome. She was escorted to the throne by Ralph Knight, president of the Crooked River Outing Club, and the crown was placed on her head by Donald Brown, the high point winner of the day. Then the cups were awarded and the prize ribbons were distributed to the winners, who in several instances appeared very much pleased by the numbers of ribbons pinned onto their coats.

Then after music furnished by Andrews' orchestra, the curtain went up and everyone settled back to enjoy the drama. The comments of many would seem to indicate that they did enjoy the play, too. Indeed, the highest praise has been given the cast, for the skill with which they depicted the characters of the comedy. The title of the play was "A Couple of Millions." Ralph Knight, in the leading part of Benis Bennington, who carried the right to inherit his uncle's millions, exceeded even his usual quality of acting. Ruth Holt, last year's Carnival Queen, fitted in well as the leading lady, Miss Fairbanks, a Southern belle, who did not throw over Benis, even though she found that he was not Binkie Huggs, the wife murderer. As a leading New York lawyer, Earle Libby showed a good deal of ability in combination in his character of Mr. Wise, the dignity due his profession and the good nature of a rather elderly suitor. If you did not see "Shabby," you missed a star.

In the first act, as Mr. Wise's office boy showed an interest only in baseball and "kidding the stove." By the way, we have forgotten to tell you that Myron Lord took the part of Shabby, and Mrs. Lord, that of the stenographer, Miss McGuffee. Mr. Wise might find fault with his office force, but the audience was not so critical in their action. When "Shabby," however, was transported to the South, the balmy air of Alabama seemed to soften his nature somewhat, and as the beautiful lover, wistful Miss Sammie Bell Porter, he took his part to perfection. Indeed he might have, for Mrs. Clara Brown, as Sammie Bell, a charming Alabama lass, might easily have won the heart of any susceptible youth, and it would not take two guesses to tell what happened in the rose arbor. It is small wonder also, that when the time for the "matchmaking up" occurred in the last act, Mrs. Charles Courtenay, as acted by Mrs. Mary Holt, should make Mr. Wise see that it is never too late to mend the ways of a lonely bachelor, for Mrs. Holt's

delineation of the character is ever carefully and well done. Prof. Noah Jabb, of Opaolopa, her escort during part of the play, proved to be the villain. This part was taken by Wilbur Bull, and, as someone said, "You never can tell what these ministers will do." We hope, however, neither they nor the professors are just like Noah Jabb. The country sheriff, himself held prisoner by the charms of Miss Fairbanks, was well acted by Frank Pike, while Chester Holt, as his friend, Squire Piper, played the part of the country "bench warmer" in a much praised. At the foot of the list stands the one word "Pink," but no one who saw the play is soon going to forget that very amiable lady of color as portrayed with great ability by Mrs. Ruth Wentworth. We believe no names have been omitted, and they should not be, for according to reports, each of the players acted their part well.

Between the first and second acts Myron Lord gave a reading, and music was furnished then and between the other acts by members of the Andrews family, assisted by Messrs. Burnham Rice and Barton Files. A brief word of thanks and appreciation for the service and help given to so many was spoken by Mr. Lord in behalf of the United Parish and the Outing Club, by Mr. Wentworth, just before the last act. Then, after the curtain fell, the end of the play, followed by other one of the foot-stirring selections of the Andrews Orchestra, the 1927 Carnival of the Oxford County United Parish, under the direction of the Crooked River Outing Club passed into the history of happy memories. Before, however, we turn toward the Carnival for next year, we wish to express our gratitude to those of the following committees, as well as to the members of the Circle and Grange and the others whose names are not printed, but who so willingly did what was needed to help make the Carnival the success so many felt it was.

The committees:
Sports Committee: Frank Pike, Otis Cobb, Wendell Pike, Edith Holt, Ray Andrews, Earl Libby, Earl Holt, Percy Kimball.
General Committee: Chester Holt, Anna Bull, Ralph Knight, Wendell Pike, Ren Aldrich, Mr. Townsend, the storekeeper in each village, and also the postmaster.

Uncle Lem's Sayings

Ex-Governor Gifford Pinchot of Penn., addressed the Legislature of Maine, on the subject of the conservation of our Water Power. He would have Government Regulation for the whole country. His peculiar views do not differ from the views of the business men of our State, who should know what is best for us. The ringing editorial in the Kennebec Journal of Saturday last, on this subject, should be read by every citizen of the state.

Who is this man Pinchot, anyway, and who came a rap for what he says? He had it in his power while Governor of his state, to have the nefarious laws relating to coal mining modified and the tax on exported coal abolished. He did nothing of the kind. What does he care how much the coal using people of New England are robbed and gouged? He is a pretty man to coddle anywhere in these six states. Hon. John P. Swasey once crawled all over him in a public speech. He could do it again today, old as he is. This Pinchot spent \$100,000 trying to be nominated for United States Senator, O. Vane put out four times that amount or more and was nominated. The Senate will probably refuse to seat Vane. Heaven save us from all such political intruders like these, whom they raise out in Pennsylvania.

There is another millionaire ex-governor or who is trying to get back into public life. He is called Governor B. He is charging the people who use light and power more than they should. This may be true, but as the rates are not apparently higher now than for several years, the man in the cocoon is this: Ex-Gov. Baxter was seemingly willing the people should be squeezed while the company was managed by Maine men. The Ex-Governor has not been happy in his selection of issues to keep him in the public eye. He has been a disturber of party harmony, and not a safe leader. He is not yet realize that he is as politically dead as his once famous dog, but he will later on.

The Washington correspondent of the Boston Herald, noting a daisy cut in account in Congress, gives an account of them from the beginning of the Government. He omits one where Barksdale of Missouri and a member of his own party came to blows in the House over the Slavery question, just before the Civil War, which it had proceeded far, involved a large part of the members. The laughable feature of the fight was that Barksdale's wig was torn from his head in the melee. Barksdale commanded a brigade in McLean's division of Louisiana; Corps at Gettysburg, where before his chief was ready to order the advance, he had repeatedly urged "to be let loose upon the Yankees and in the charge that the order for was finally given Barksdale was mortally wounded and died in his lines.

The report on the status of our Maine Senator, Hon. Arthur R. Gould, has been long incoming, but it is "dollars to doughnuts" that he retains his seat. It has been reported that certain prominent Maine politicians have secretly tried to influence adverse action. If this is so, it will end beyond all question, their hopes of future leadership or prominence. They can quote this in their hands for when they wish to reflect on what killed them politically.—Uncle Lem.

Getting Up Nights
For Bladder Relief is Nature's Danger Signal. Columbus Minister's Wife Relates Experience.

Rev. W. H. Mitchell, 624 No. Park St., Cohasset, Ohio, says: "My wife was troubled seriously with bladder irritation until we used Lithiated Bicarb (Keller Formula). She would have to get up at night every time. Will gladly answer any letter."

Lithiated Bicarb acts on the bladder as opium on the bowels. Drives out foreign matter and decreases excessive acidity, thereby relieving irritation. The tablets cost 2c each at all drug stores. Keller Laboratory, Manchester, Ohio. Locally at L. V. Ashton's, drugist.

BETHEL
"Are You a Mason?" Took Well—Guests Enjoying Winter Sports.
Mike Marshall is having his house wired for electric lights. His home is the most modern of the kind in the old town bridge, so called. Mr. Barker was a pump maker in the old days. Harry Brown visited his sister, Cora Brown, in Auburn, recently. Among those who have recently installed radios in their homes, is Dr. R. R. Tibbels. The three act play, "Are You a Mason?" given by the parent-teachers' association, called out a record audience of five hundred or more were in attendance who had an evening's enjoyment. A dance followed and homemade candy was on sale. It is hoped the play will be repeated. Miss Alice Copen entertained the Ladies' Aid at the Prof. W. R. Chapman home, the 17th. The Rev. C. B. Oliver has quite recovered from a sprained ankle and is attending to his pastoral duties. Miss Olive Austin and Beatrice Brown were in Lewiston and Auburn, recently. Mrs. Brown visited her sister, Miss Cora Brown, who has recovered from an auto accident. Mrs. Edgar Chase is suffering from a second attack of a bad cold. Bethel Inn has a large number of guests enjoying the winter sports and enjoying sleigh and sled rides. One guest is much interested in the town as she is a direct descendant of Nathaniel Segar, who, with Benjamin, was kidnapped by the Indians in 1781. Segar lived on what is now called the Sunflower Farm, in what is now Hanover, but was once a part of the north side of the Lower Parish in Bethel. The Segars came from Newton, Mass.

"I Say This From Experience"
Says V.R. Morgan of Old Town
Reduced to pitiable condition by indigestion, now hale and hearty again. Gains 23 pounds and enjoys old-time vigorous life. Gives full credit to Tanlac

At 85 Front Street, Old Town, Maine, Mr. Morgan lives with his big and happy family. He says in Old Town he was born 55 years ago, and his 240 lbs. of virile manhood typifies the hardy stock of the Maine woods folk. "What I went through for four months," he said, "I never want to endure again. My stomach seemed to go back on me altogether. First I had indigestion, sour stomach and bad taste in my mouth. Then came attacks of heartburn and dizzy spells. Practically cut out eating, for the slightest morsel of food caused palpitation of the heart and difficult breathing. "Walking became a painful ordeal and I couldn't sleep at all. I had to lighten my bed with a mattress around the house. As a result of all these conditions I became cranky and irritable; my nerves were jumpy and I had spells of deep depression. "I tried all kinds of remedies without success. Even Tanlac at first didn't seem to help much. But after the second bottle I noticed a marked improvement. All the distressing conditions gradually disappeared and I began to recover my lost weight. Now I'm 240 lbs. and work hard every day, walking long distances with ease. I'm a new man. What I'm telling you about Tanlac is no hearsay evidence; I say this from experience." Do you wonder that over 52 million bottles of this great natural tonic remedy have been sold? Thousands of citizens in every state of the Union have had experiences similar to that of Mr. Morgan. If you're rundown from overwork, worry or neglect, start building your way back to normalcy today. Get a trial bottle of Tanlac from your druggist. It is nature's own remedy made from herbs, roots and barks, according to the famous Tanlac formula.

Hastings Candidate for Attorney General

Fryeburg Lawyer Feels His Section Entitled Recognition in 1928

As has been intimated since the opening of this legislative session, a candidate for the office of Attorney General will come in 1928, from Oxford County. Hugh W. Hastings of Fryeburg has made formal announcement of his intention to seek that office.

Mr. Hastings was born in Fryeburg and is a graduate of Fryeburg Academy, Bowdoin College and Harvard Law School. Upon the completion of his studies and his admission to the bar he began to practice law in his home town associated with his father, Edward E. Hastings, as a member of the firm of Hastings & Son. He is the third generation of his family, settled in Fryeburg engaged in this profession. His grandfather, David R. Hastings, hung out his shingle there in the early 40's of the last century since which time each of his in turn practiced continuously to date.

Shortly after the outbreak of the late war Mr. Hastings worked on the Maine coast in his locality was incorporated as a unit of the First Maine Heavy Field Artillery. With this organization, later redesignated, he served for nearly two years in this country and France and immediately after the armistice marched into Germany where his regiment remained until the following spring as a unit of the Army of Occupation from the service in June 1919, he returned home to resume the practice of law and in 1922 was elected county attorney of Oxford County, serving in that capacity for the two succeeding years. His candidacy for the office of attorney general has been endorsed by the members of the Oxford bar. In view of the fact that Oxford County has had but one attorney general, who has held office as far back as 1839, and has had no elective office within the last 30 years, it is felt by the friends of Mr. Hastings that the county is entitled to further political recognition, and it is hoped by them that the candidacy of Mr. Hastings will be favorably received.

BRIDGTON

Walter Davis Purchased W. P. Dow Interests—Valentine Ball—Whist Party.

The Davis-Dow Grocery Co., which for sixteen years has been doing business in Bridgton, as successors to T. J. Douglass, will henceforth be the Davis Co., as in a recent business deal Walter Davis purchased the interests of his partner, Walter P. Dow, and will now carry on the business. The deal takes in the entire Opera House building in which the grocery store is located, in the basement; the P. P. Burnham Co. grocery store on the second floor, and the dance and moving picture hall above. Mr. Davis and Mr. Dow jointly purchased this building in August, 1911, and opened their business in October of the same year.

As to old papers, Walter Dyer brings out two copies of the Portland Transcript one of the week of August 20, 1853, the other of October 29, 1853. These papers are in perfect condition and were not for the difference in type and general make-up, one would think they were only a few days old.
